

Position: Senior Commercial Property Solicitor
Department: Commercial
Location: Hertford

Experienced senior solicitor with excellent technical skills and client care required to work within our busy commercial property team. An ability to manage, mentor and support more junior members of the team is desirable.

The role would involve dealing with a full range of commercial property work from landlord and tenant matters, commercial property acquisitions and sales, property support on Company Commercial matters, development work from site acquisitions through conditional contracts options and overage through finance and preparation for disposition, also finance related work for lenders and borrowers. There is a genuine opportunity for career progression with this role for the right candidate but equally we would like to hear from senior solicitors who are content to concentrate on transactional work whilst also mentoring and providing guidance to the wider commercial property team on technical and client facing matters.

Candidates should be / have:

- Organised, technically able and commercially minded
- A problem solver comfortable with communicating complex issues and potential solutions both to experienced commercial clients and professionals and to the private client selling part of their garden for development
- Willing to actively promote and develop themselves, the team and the firm
- Good computer skills, ability to be self sufficient
- Excellent client care skills
- Willingness to assist and support others in the property team and to lead by example
